FOR IMMEDIATE RELEASE:

As of May 1st, 2008, the City of California City will be charging a riding fee for all people who intend on using the desert for recreational use. Please be advised that deputies will be stationed at the entrance of Twenty Mule Team Road about 1 mile North of the 4-Way Stop located at the California City Blvd. and Mojave Randsburg intersection. This fee does not apply to anyone who is camping or staying for the day at our facility. **THEY WILL NOT ASK YOU IF YOU ARE COMING TO THE TRACK!** You must let the deputy know, at the stop/permit zone, that you will be practicing at the track and/or are camping there, if this applies to you. In order for you to not require a permit, you must park at our facility. Anyone who intends to practice at the track and does not park at our facility will still need to purchase a permit.

Please send this to everyone who needs this information!

If you have any questions or are given any different information than what you have just read, please don't hesitate to contact us at 760-977-9774 or 661-373-8910.

Thank you,

Cal City MX Park, Inc.
